

Workshop

Expression-based Polygenic Risk Scores -ePRS-

Tues. Nov. 3, 2020

PROGRAM

12:00-1:00 pm, **ePRS Method Lecture:** Deriving biologically-informed, expression-based Polygenic Risk Scores (ePRS)

1:00-1:15 pm: **Break** to get your lunch and a coffee

1:15-1:30 pm **Lunch session:** Introduction to CONP resources, where you can download the ePRS-5HTT and other open-source tools and open-science datasets.

1:30-2:30 pm, **ePRS-5-HTT Tutorial:** What is a brain-region-specific expression-based polygenic score? Calculating the amygdala-based 5HTT ePRS in your data.

Organized by:

Open to all
**RESEARCHERS &
TRAINEES**

REGISTER
via the website
